

timely.
intelligent.
mobile.

Hello, I'm tim.

tim is your ideal companion through everyday mobility.

At **tim mobility nodes** you have the opportunity to switch to alternative means of transport. You can use **(e-)carsharing** from as little as €5/hour, **rent a car**, use **tim's e-taxis** to get around or charge your electric car. You can also rent a Peugeot van or our **tim cargo bike** at select locations to transport bulky purchases. The Mercedes eVito passenger van is available for excursions with your family or friends.

Depending on the location, you can easily get to your **tim** location by tram, bus, bike or on foot. With **tim** you can be flexibly and inexpensively mobile without your own car. You also help to provide more space and reduce the number of cars in Graz, as well as keep the air cleaner.

And all that in a very easygoing way.

tim welcomes you aboard!

Who is **tim** for?

Are you open to new things? Don't have your own car, but need one from time to time? Are you worried about the future? Do you value moving around the city cleanly and affordably? Then **tim** is perfect for you.

tim accompanies you through your mobile everyday life and introduces you to new ways of getting around. It doesn't matter if you're young or just young at heart, if you have kids, if you're single or in a relationship: wherever you live, **tim** makes you more mobile.

And it helps the environment.

You have a company and need a company car for your employees from time to time? Then we have an interesting offer for you:

tim Business. You can find more information at www.tim-graz.at.

CARSHARING

CAR RENTAL

CARGO BIKE

Need a car? **tim** provides you with different cars. Simply select the best one for you.

If you only need a car for a short time, i.e. for a few hours, then the **tim cargo bike** or **(e-)carsharing** is the right choice for you. **tim** offers both electric and fuel-operated cars. Never driven an electric car? Don't worry, **the manual** or **the FAQs** on our website will certainly help you. If not, just contact us at Tel.: 0316 887 4755 or write to office@tim-graz.at.

Want to go away for the weekend or need a car for several days? No problem! **tim** offers you cars that you can even use to drive abroad.

Signing up costs a one-time fee of €15. The monthly **tim** membership fee is €7. This gives you access to the entire range of **tim carsharing** and **rental cars** and our **cargo bikes** at low member rates.

tim & public transport

BUS + TRAM

Bus, Tram and **tim**: they simply belong together and form a perfect mobility team. Every tim location is near a public transport stop. So you can drive almost around the clock and always safely and comfortably to the nearest **tim mobility node**. Because that's exactly what makes **tim** special: connecting different mobility services.

At every **tim mobility node** there is a distinctive column in the tim design. You can recognise authentic tim carsharing locations by the ground markings and of course by the distinctive tim cars.

Do you use public transport so often that it's worth buying an annual or half-yearly pass? Then you also have a clear advantage with **tim**¹.

¹ mehr Infos findest du in der Beilage „tim Tarife“

Foto: Lex Kareilly

Charging with **tim.** **CHARGING**

You can use **tim** even if you have your own electric car, as public charging stations are available at **tim mobility nodes**.

Just drive to the next **tim mobility node** and get natural power from Solar Graz, a wholly owned subsidiary of Energie Graz, for your e-car (subject to charge).

Bike & **tim.**

If you prefer travelling by bike, you will find parking spaces for your bike at **tim's mobility nodes**.

e-TAXI

Foto: Lupi Spuma

tim & e-taxis

e-TAXI

Regardless of whether you want to be taken home after a hard day at work, after an evening at the opera, or after a night on the town: a **tim e-taxi** is waiting for you.

There's a **tim e-taxi** stand at every **tim mobility node**. But you don't have to get to the location to hop on one of the electric taxis. Simply call and order a **tim e-taxi** for a clean and comfortable journey home. The **tim e-taxis** have space for up to six passengers.

And more good news: with your **tim card** you can also use **tim e-taxis** without cash. Simply let us know when you place your order over the phone or in the taxi before you start your journey, show your **tim card**, and the fare will be charged to you at the end of the month by the taxi company in a collective invoice.

Call and order a tim e-Taxi!
