Ein Service der
LINZ AG LINIEN

Hello! I'm tim.

tim is your perfect companion for everyday mobility.

At the **tim** mobility hubs, you can transfer to alternative means of transport. You can use stationary **(e-)car sharing, rent a car** for longer tours, get around using the **AST shared taxi service** or **charge your own e-car.**

You can get to the **tim** stations either by tram, bus, bike or by walking.

tim is a cheap and flexible alternative to owning a car.

At the same time, you are helping to create more space and reduce cars in Linz, keeping the air cleaner.

All this in a very simple and relaxed way.

tim welcomes you on board!

CARSHARING

RENTAL CARS

sharing & renting

Do you need a car? **tim** offers a variety of car types. You simply have to choose the one that suits your needs.

If you need a car for a **short period of time**, i.e. for a few hours, **(e-)car sharing** is the right option. **tim** rents out electric and conventional cars. You have never driven an electric car? No problem. When you register for **tim**, you will be given instructions!

From Friday to Sunday, you can use our **tim** cars for a cheap weekend trip – and even to go abroad. If you want to go away for a longer period of time, then our **tim** rental car offer is the perfect choice.

Why **tim**?

You are open for new ideas? You don't have your own car but need one every now and then? You care about the future? You try to move around the city without causing excess pollution and expenses?

tim was made for you!

With **tim** you don't have to worry about your mobility.

Our services for you:

- 24h service hotline
- flexible booking platform (around the clock)
- electricity/fuel included for tim (e-)car sharing
- cleaning
- annual toll sticker (Vignette)
- comprehensive cover, liability insurance and passenger insurance
- claims procedure
- service/annual inspection
- tyre change
- child safety seats available in select vehicles

Your **tim** card

When you register with tim, you will receive your personal **tim** card. With this card you are able to open the **tim** cars. In every **tim** car you can find an extra charging card for almost all the **BEÖ charging stations** across Austria and in foreign countries. You can find them at: linzag.at/ladestellen

Your **tim** card also grants you discounted rates for the **AST shared taxi service**. For more information: linzag.at/AST

Here is how you book your **tim** car:

You can comfortably book your **tim** car via our booking platform. It is flexible, easy-to-use and intelligent. Simply **tim**.

You can access the platform using any device connected to the internet to place your individual bookings. You can thus reserve a car from the comfort of your home but also directly at the pick-up station – around the clock.

You can also download the booking platform as an app in the Google Play Store or App Store:
tim-linz.at/application

You can easily change your **tim** booking any time:

- If things take longer than expected, you can extend your booking subject to availability.
- If you are back early, simply terminate your trip via the booking platform. That way, you will only be charged for the actual time you used the car.
- If something gets into your way, you can cancel your booking up to one minute before the reserved start time.

Did you know? You can synchronise your bookings with your personal calendar. So you will never forget a booking.

Where's **tim**?

tim is growing fast. Currently, you can find **tim** mobility hubs at eleven locations in Linz and one in Leonding. To ensure that you can get there easily, all **tim** mobility hubs are located in the immediate vicinity of LINZ AG LINIEN public transport stops.

We are growing steadily:

Up-to-date information on our sites is available at **tim-linz.at/locations**

How much is **tim**?

Registration is a one-off fee of **EUR 15**. The monthly membership fee is **EUR 7**. As a member, you can enjoy the entire **tim** car sharing and rental car offer at advantageous member tariffs.

Insurance, maintenance and service as well as electricity/fuel costs are included in the (e-)car sharing tariff.

Here's another plus: all our vehicles have a valid Austrian road toll sticker (Vignette).

If you have any questions, call us at **+43 732 3400-7733 – around the clock**

tim & public transport

BUS + TRAM

Bus, tram and **tim**: they belong together and are the perfect mobility team. Each **tim** station is located in the immediate vicinity of a stop of the LINZ AG LINIEN public transport network. You can thus safely and comfortably travel to the nearest **tim** mobility hub almost around the clock. Because this is what **tim** represents: the link-up of different mobility services.

The pillar in the typical **tim** design won't let you miss the **tim** mobility hubs. The car sharing stations are recognisable by the marks on the ground and of course the **tim** cars themselves will catch your eye.

Photo: LINZ AG

Public charging

At almost all **tim** mobility hubs, you will find publicly accessible charging stations for your private e-car. At the Hauptplatz station they are located in the underground garage.

With the LINZ AG charging card you can charge your car there without any reservation or notice. Just drive to the nearest mobility hub and get the green electricity for your e-car.

For more information: **strommobil.at**

Bicycle & **tim**

If you pedal to the mobility hub by bike, feel free to leave it at the bike park area available there.
