

tim Price Sheet

There are three different rates to choose from at **tim-Zentralraum**: basic rate, flex rate and cargo bike rate. The usage fee and basic fee depend on this. Cargo bikes can always be used at the prices below, regardless of the choice of rate. The rate is selected during registration or by e-mail to the tim service team.

If you have a climate ticket (KlimaTicket) for Styria or Austria or a TopTicket, the annual fee for the basic fare is waived. For more information, please contact the tim service team by e-mail at support@tim-zentralraum.at or by phone at +43 316 844 888 200.
